isn't that a lovely stove!" exclaimed a lady in our store a short time ago, as she paused in front of one of the Michigan Stove Co's latest pattern cook stoves, and proceeded to critically inspect the same. The examination was satisfactory in every particular. It always is. You make no mistake in buying the kind we handle. It's the poor kind you "burn your fingers" with.

The "Quick Meal,"

How about that? Have you one? Not many moons hence ere the kitchen will be sizzling with summer heat, and you will appreciate doubly a latest improved "Quick Meal" Gasoline Stove. We have them now. They sell wonderfully easy; may be gone soon, remember.

Geo. E. Breck—he of the "literary bureau"—is even engaged in a thankless task, as those gentlemen whose candidacy he assumes to have taken under his sheltering wing are reported as saying that he has not been authorized to do so. We respectfully request those who shall represent this county in the Republican state convention to use all honorable means to secure the nomination of Prof. E. A. Wilson of Paw Paw as Member of the State Board of Education. Bradley W. Stanton died at his home in this village on Sunday afternoon, aged 61 years and 1 day. For the past ten months he had been confined to his house, and for three months past paralyzed from his hips down. R., of which organization deceased was an honored member.

The spelling school at the Institute last Wednesday evening afforded barrels of fun "to him who had no friend or brother there." 'Twas laughable to see old scholars and teachers go down like a row of bricks on such words as "varioid" and "sirlain," and stagger and tug at "opossum," and fall flat at "turquois." Mrs. W. V. Sage, however, proved a veritable Gibraltar, and the projectiles from the big Websterian guns fell harmless at her feet.

Our correspondence from Hartford and Toquin, last week, reached us after the paper was printed and mailed. If our correspondents can possibly do so, it will oblige us if they will mail their letters by the first mail Monday. This will insure favors from any part of the county reaching us as early as Tuesday morning. Letters received by the later mails of Tuesday have to take their chances on being cut and abbreviated or crowded out altogether. Our forms are closed Tuesday at 6 p. m.

Last spring Carrie Hammond, a beautiful and accomplished girl, at Bangor, met and loved Ulysses Page, of Hammond, Ind. They were married and went to Hammond to live. The confiding young bride found another wife to share her husband's love, and she returned home heartbroken. She loved Page passionately, and a short time ago returned to Bangor suffering from a drug alleged to have been forcibly administered to her. All efforts to save her proved futile, and she died Tuesday night in great agony. Indignation over the affair is intense, and several arrests may follow.
